FOCAL2020 FRONTIERS IN ONCOLOGIC PROSTATE CARE AND ABLATIVE LOCAL THERAPY (FOCAL) COURSE

Dear Industry Colleagues,

On behalf of Dr Arvin K. George and Dr Abhinav Sidana, Course Directors, we invite you to join us at the Frontiers in Oncologic Prostate Care and Ablative Local therapy (FOCAL) Course that will be held October 2-3, 2020 at the SLS Hotel in Los Angeles, California.

This comprehensive 2-day program offers a forum to share current practice standards and to incorporate new strategies in the management of patients with prostate cancer and benign prostatic hyperplasia in a rapidly evolving field. Along with the didactic presentations encompassing "cutting edge" topics of the prostate cancer there will also be a Transperineal Biopsy, Focal Therapy and BPH Ablation Hands-on Course.

Partnering with us through exhibit or sponsorship at the 2020 FOCAL Course will allow you to network with 75-100 urologists and expert faculty in a relaxed setting that allows ample time for networking and discussion. Industry partners and exhibits are an essential part of our meeting's success and our attendees will be eager to learn about your company's products and services that can assist them in improving the care of their prostate cancer patients.

Thank you for your consideration of our request for participation; we look forward to receiving your commitment. If you have any questions, please contact Denise Castetter, denise@veritasmeetingsolutions.com or 973-769-1020.

Kind Regards,

Denise Castetter

Denise Castetter Director, Industry Relations
