FOCAL2020

FRONTIERS IN ONCOLOGIC PROSTATE CARE AND
ABLATIVE LOCAL THERAPY (FOCAL) COURSE

Dear Industry Colleagues

On Behalf of Dr Arvin K. George and Dr Abhinav Sidana, Course Directors, we invite your support and participation at the Frontiers in Oncologic Prostate care and Ablative Local therapy (FOCAL) Course. This meeting will take place October 3-4, 2020. Please join us as we reimagine the 2020 FOCAL Meeting into a Virtual Meeting that will be an exceptional experience for one-on-one interaction, expertise sharing and more.

This comprehensive 2-day program offers a forum to share best practice standards and to incorporate new strategies in the management of patients with prostate cancer and benign prostatic hyperplasia in a rapidly evolving field.

Industry partners and technical exhibits continue to be an essential part of our meeting's success. FOCAL will be utilizing a customizable desktop/mobile platform to house the conference. Utilizing the platform's technology and creative engagement mechanisms will allow us to create an interactive Exhibit Hall that provides an enhanced capacity to build brand awareness, provide product education and gain access to valuable leads that have made the live meeting so attractive in the past.

Benefits of the Virtual Booth include:

- Live reps staff the booth and interact with attendee visitors via the meeting app
- Product videos and marketing collateral can be loaded to the booth
- Zoom business suites with one-on-one appointment setting to host group meetings/ demo products
- Online lead generation and post meeting analytics

Thank you for your consideration of our request for participation in the 2020 FOCAL Virtual Meeting; we look forward to receiving your commitment. If you have any questions, please contact Denise Castetter, denise@veritasmeetingsolutions.com or 973-769-1020.

Denise Castetter

Denise Castetter
Director, Industry Relations

SATURDAY, OCTOBER 3, 2020
